2026 Events

Saturday, May 23: Waterwheel Celebration Day

Celebrate the 100th anniversary of the Waterwheel! This event will feature a ribbon cutting, a concert by the Small Town Big Band, and other festivities.

Saturday, July 4: 4th of July Celebration

This Hanford Mills Museum favorite comes just in time for National Dairy Month. Enjoy free samples (while supplies last) of vanilla ice cream churned at the Mill and chilled with ice harvested during our 2026 ice harvest.

Saturday and Sunday, September 12-13: Dan Rion Memorial Antique Engine Jamboree

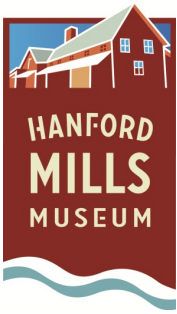

This visitor favorite will feature the Antique Engine Jamboree, showcasing a variety of vehicles, engines, and outboard motors. Museum staff will also showcase some of the engines in our own collection.

Saturday, October 10: Trees and Timber Festival

This event will highlight the importance of trees and forests by showcasing the talents of local woodcrafters and foresters. Museum staff will demonstrate how logs are processed into finished products in our mill, and exhibitors will showcase their skills in working with wood.

2026 Event Information

Your support of these events will bring additional exposure to your business and will support Hanford Mills Museum by enabling us to provide these unique experiences to people across the Catskills region and beyond.

Hanford Mills Museum features a water and steam-powered sawmill and gristmill that date back to the mid-1800s. Visitors at our events get to see these historic machines at work as they are powered by the waterwheel or steam engine. Each event features a different aspect of the story of Hanford Mills and brings in hundreds of visitors.
